React Assignment

We want you to develop a Single Page Application, where there will be two tasks will be performed on one page.

1. Car Loan EMI Calculation
2. Product Management

Below is the assignment screen shot.

Kindly prepare the assignment and make UI interactive.

```
                          Yash React POC
 ┌──────────────────────────┐  ┌──────────────────────────────────────┐
 │ Car Loan EMI Calculator  │  │ Pro #[     ] Name[   ] Category[  ] Price[   ] │
 │                          │  │                              [Add]   │
